In 2009, Latvians and Lithuanians fielded teams in all divisions, but there were no Estonians. In Volleyball, teams had players from 16 to 50 years of age, and males as well as females.

In 2010, Estonians organised one volleyball team (mixed) and one basketball team. These included players from interstate, and were mainly backpackers/tourists from Estonia.

Anyone interested in playing for any Estonian teams in 2011, please contact Juho Looveer via email: **Juho.Looveer@gmail.com**
